**Two-Man Tournament - Members Only** - would be played at net handicap by subtracting the low man's handicap from the other three players. Example: Team A players have course handicaps of 8 and 12 while team B players have course handicaps of 10 and 22. Team A player 1 gets no strokes, while player 2 would get 1 stroke on handicap holes 1-4. Team B player 1 would get 1 stroke on handicap holes 1-2, while player 2 would get 1 stroke on handicap holes 1-14. The team with the lowest score on a hole would win the hole. If each team's lowest score results in a tie, the team with the next lowest score would win the hole. If there is another tie, the hole is halved with no one winning that hole. If the match is tied after 18 holes, then play a sudden death playoff, starting on the next hole in sequence. Player substitution for health reasons is allowed. The substitute must be plus or minus 2 strokes in handicap from original player. New players may come from the pool of players eliminated or those who have not yet participated.
